Sensory Program

We all experience the world through our senses. We interpret and react to our surroundings based on information the brain receives from our eyes, nose, skin, tongue, and ears. Sensory play encourages learning through exploration, curiosity, problem solving and creativity.

	Bubble Tube Lamps		Light Projector
	Fiber Optic Lamps		Fiber Optic Lights Strings
	Water Beads		Fidget Toys

Art Program

Art has the ability to inspire people and make them see things from a different perspective. Our art program gives opportunity for self-expression and creativity in variety of settings.
